ABOUT THE COMPANY

Company Overview

GRANDITRON cc trading as SUNRISE CONSTRUCTION was established in 2010 as a multi-disciplinary Engineering and Construction company. We are CIDB grades 4GB PE and 2CE PE. Sunrise Construction is endowed with expertise in Civil, Structural and Transportation Engineering as well as Project Management. The company focuses on Professionalism, Excellence, Team Work and Customer Satisfaction. Sunrise Construction has a pool of Engineers and Technicians with extensive experience across the broad with range of Engineering work.

Sunrise Construction seek to offer practical solutions that support global project objectives to our Clients. We are committed to working closely with our clients, and their representatives.

Vision

To serve through **Integrity**, **Quality** and **Professionalism**.

Company Mission Statement

To become the middle-sized construction company of choice by achieving extraordinary results for our clients through Integrity, Quality and Professionalism and to build successful careers for our employees whilst delivering timely and profitable projects.

Values

We are committed to the following underlying values

- Honesty and Integrity
- Urgency and Tenacity
- Quality and
- Innovation

Pride

At **Sunrise Construction**, we think of ourselves as a trustworthy team of experts who are able to handle any and all projects, no matter how in-depth they may be.

ABOUT THE DIRECTORS

Ms Sandisiwe Classen – Managing Member

Qualification

National Diploma: Engineering: Civil – 2005

Experience

Since attaining her Qualification in 2005, Sandisiwe has worked mostly for Consulting Engineering firms as Engineers Representative on various construction sites where she was responsible to supervise the contractor on site and make sure that works were done according to the Specifications. Agreeing with the Contractor and work measurements for payment certificates was one of her key duties.

Sunrise Construction seek to offer practical solutions that support global project objectives to our Clients. We are committed to working closely with our clients, and their representatives.

OUR SERVICES

Sunrise Construction follows a **Solutions Methodology** that allows us to build partnerships for life with our clients.

This philosophy is achieved through committed and skilled team of staff that ensure that solutions are tailored for the specific needs that our clients require.

Our range of services form the foundation of the service levels and solutions which we offer to our clients are as follows:

- **Civil Engineering Services**
- **Structural Engineering Services**
- **Transportation Engineering Services**

TO OUR CLIENTS

Sunrise Construction operates on principles of **Holistic Optimization**. Our experts are able to transform any idea into reality that is maximized to its full potential. Highly-skilled and knowledgeable project managers are present at every site, keeping a finger on the pulse of the proceedings.

PROPOSITION

We believe in challenging the norm and converting dreams into reality through **Integrity**, **Quality** and **Professionalism**, providing an all-around better experience in the industry we operate in and achieving extraordinary results for each client individually.

We firmly believe that proper planning and communication between client and contractor is essential to managing risk and producing results of the highest quality.

We believe **Sunrise Construction** has the integrity the industry needs. We do this by focusing on our clients and their objectives. As we offer our service, we strive for the highest degree of transparency between all role players and assure our utmost attention to detail from inception phase to final completion.

SOCIAL RESPONSIBILITY

Sunrise Construction spend initiative is focused on education, on the job skills transfer. Our community engagement incorporates our commitment to partnerships with non-profit organizations and sponsorship of charitable initiatives.
